

PAIR Gold companies demonstrate sustained leadership in Indigenous relations and their commitment to working with Indigenous businesses and communities has built the business case that other companies aspire to achieve. Their introduction of innovative programs and engagement of Indigenous people have made an enduring impact on Indigenous businesses and communities, and demonstrate best practice for those companies introducing Indigenous relations to their business strategy or seeking to improve year over year.

PAIR Silver companies have had their business case proved through their Indigenous relations; business partnerships are in place; Indigenous people are adding value at their workplace; and they are supporting sustainability through investment in communities and people. PAIR Silver companies recognized early the value of working with Indigenous communities and can point to outcomes that have made a difference.
