Terms and conditions:

1. TELUS security services are designed to operate 24/7, however, services may be disrupted by equipment malfunction, failure, power outages, network issues, maintenance, weather, or other circumstances beyond TELUS' control.

2. Not available in all areas. Traditional copper wire or copper wire hybrid networks are subject to capacity constraints and environmental stresses that do not affect TELUS fibre optic technology, which is based on light signals. Not available in all areas. Individual results may vary depending on location, usage within the home network, Internet traffic, applicable network management practices or server configurations. For a description of TELUS' network management practices please see telus.com/networkmanagement.

3. TELUS Health Virtual Care is available at no additional cost for TELUS small business mobility customers on a 1-Year, 2-Year and month-to-month voice and data plan including Unlimited for Business a. This offer is available nationally in Canada. All subscribers in the same account with an active TELUS small business smartphone plan up to a maximum of 100 subscribers, as well as family members including spouses and dependents (26 years old and under) will receive access to TELUS Health Virtual Care. The Virtual Care service will be available until September 30, 2025 or until the rate plan with TELUS is terminated, whichever one comes first. This offer may be extended on a month to month basis, at the sole discretion of TELUS, following the initial promotional period ending September 30, 2025. This extended offer is subject to change without notice.
